

Date	Drug Name	Administration	Amount of Drug Administered	Reason for Drug	Reaction to Drug	Comments		
								Chemotherapy Drugs
							Oral	
							IV	carboplatin (Paraplatin)
							Injection	cisplatin (Platinol)
							Other	cyclophosphamide (Cytoxan)
								doxorubicin (Adriamycin)
								etoposide (VePesid) VP-16
								ifosfamide (Ifex)
							Positive	mechlorethamine (Alkeran)
							Negative	thiotepa (Thioplex)
							Infection	busulfan (Myleran, Busulfex)
							Nausea	vincristine (Oncovin)
							Sedation	isotretinoin (13-cis-retinoic acid, Accutane)
							Surgery	buthionine sulfoximine – BSO
							Other	CEP-701
								ABT-751
								pyrazoloacridine – PZA
								irinotecan – irino
								topotecan – topo
								temozolamide – temo
								cefizime (Suprax)
								zoledronic acid (Zometa)
								fentrenitide – 4HPR
								17AAG, 17-(Allylamo)no
								thalidomide (Thalomid)
								oxaliplatin (Eloxatin)
								arsenic trioxide (Trisenox) -ATO
								rituximab (Rituxan, Mabthera)
								rebeccamycin
								decitabine
								Anti-nausea drugs (Antiemetics)
								ondansetron (Zofran)
								palonosetron (Aloxi)
								metoclopramide (Reglan)
								granisetron (Kytril)
								hydroxyzine (Vistaril, Atarax)
								diphenhydramine (Benadryl)
								lorazepam (Ativan, Alzapam, Loraz, Lorazepam Intensol)
								prochlorperazine (Compazine)
								dexamethasone (Decadron)
								trazodone (Desyrel, Desyrel Dividose)
								dimenhydrinate (Gravol, Dramamine) - DMH
								Emend
								Pain and Anesthesia Drugs
								morphine
								hydromorphone (Dilaudid)
								fentanyl
								propofol (Diprivan)
								diazepam (Valium)

Date	Drug Name	Administration	Amount of Drug Administered	Reason for Drug	Reaction to Drug	Comments	
							Cytoprotectant Drugs
							mesna (Mesnex) dexrazoxane (Zinecard) sodium thiosulfate – STS amifostine (Ethylol)
							Growth Factors, Antibodies and Cytokines
							filgrastim (Neupogen) - G-CSF pegfilgrastim (Neulasta) sargramostim – GM-CSF interleukin 2 - IL2, TCGF interleukin 12 - IL-12 3F8 ch14.18 hu14.18-IL2 – fusion protein
							Antibiotics, Anti-fungal, Antiviral agents:
							cefixime (Suprax) vancomycin (Vancocin) gentamycin ciprofloxacin piperacillin aztreonam azeotronam clindamycin ceftazidime cefepime imipenem meropenem tobramycin clindamycin amoxicillin clavulanic amphotericin nystatin caspofungin micafungin anidulafungin voriconazole posaconazole raуваназол cyclosporine
